From Danish Jersey Cattle Society to Danish Jersey

- From 1902 to 2002 the Danish Jersey Cattle Society was an independent Jersey breed Society
- In 2003, DANSIRE was founded by a merger of all Danish AI Coops and the Nat. breed societies for RED and JERSEY
 - The Danish Jersey Cattle Society became the Jersey department in Dansire, named Danish Jersey
 - Danish Jersey kept the responsible for the Jersey Breeding goal and for adjusting weights on traits related to the goal
- In 2008, VikingGenetics was founded by a merger of Dansire & the Nat. AI Coops in Sweden (Svensk Avel) & Finland (Faba)
 - Danish Jersey Board members join the VG Jersey Breed Committee, together with 1 representative from SE, FR & NO
 - The VG Jersey Breed Committee is working with strategies in relation to the VJ Breeding program

Danish Jersey Setup

ORGANIZATION

Danish Jersey

Unlike other breed associations in the world, Danish Jersey is a part of Viking.

The advantage is greater influence for the elected representatives and more ownership from the Jersey Farmers

RESPONSIBILITY

Danish Jersey

- Set the breeding goal for Nordic Jersey NTM
- Follow up on the results from breeding goal
- VikingDanmark/VikingGenetics as COOP provides maximum value to the farmer with first class genetics
- No clauses for the members
- Contributes to the breeding program
